Open Recalls

Recall #: R0195 | Trunk Latch Recall Date: 2021 Oct 27

Recall Description

Issue: On certain vehicles, a part in the trunk release latch could fail. If this happens, the emergency trunk release located inside the trunk compartment may not work properly. This could prevent a person that is trapped inside the trunk from opening it. Note: For the 2016 model year Sonata, only the Sonata Hybrid is affected by this recall. Safety Risk: If a person is closed inside the trunk compartment, they may not be able to get out. This could create a risk of injury. Corrective Actions: Hyundai will notify owners by mail and instruct you to take your vehicle to a dealer to replace the trunk latch assembly.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](#).

Stolen Vehicle Check

✔ This vehicle is not actively declared stolen.
